Funding Opportunities for COVID-19 research

The Office of the Vice President for Research and Innovation has a research [UO COVID-19 FAQ page](#) with excellent resources regarding research, including specialized funding opportunities related to COVID-19.

National Institutes of Health

[Announcing the availability of common data elements for research related to the public health emergency caused by coronavirus disease 2019 \(COVID-19\)](#), issued by the National Institute of Mental Health (NIMH). The goal of this Notice is to reduce the proliferation of one-off survey items and to facilitate data integration, collaboration, and comparisons across data sets.

The Department of Defense (DOD)

DOD has released its announcement for its [Defense Established Program to Stimulate Competitive Research \(DEPSCoR\) FY 2020](#), through the Air Force Office of Scientific Research (AFOSR). DEPSCoR aims to increase the breadth of the DOD's research capacity across the country, particularly in states like Oregon that are less active in the DOD enterprise. Please see RDS's [webpage with information from the DOD visit to UO](#) this winter for more information about how this agency differs from other federal funders.
