Funding Opportunities for COVID-19 Research

The Office of the Vice President for Research and Innovation has a research [UO COVID-19 FAQ page](#) with excellent resources regarding research, including specialized funding opportunities related to COVID-19.

Recordings Available for Recent RDS Workshops

If you are interested in seeing any recorded RDS workshops offered this May, including Navigating the NSF, NSF CAREER Awards and Broader Impacts, and NIH NRSA Fellowships, please contact [RDS](#).

UO Internal Grants in Pivot

RDS staff have over the past year added internal grant opportunities at UO to the [Pivot funding opportunities database](#). There are now 46 grant opportunities listed in the database in one place. *For off campus access, you must be connected to campus via your computer's VPN.* We encourage you to review this central source for internal grants, since it has helped faculty find new opportunities they were not aware previously. Please note that most opportunities have anticipated due dates since they are not confirmed for the 2020-21 academic year. Also, this list is not comprehensive since RDS is not aware of all internal grant programs. If you would like an internal grant listed in Pivot, please contact [RDS](#).

NEH Summer Stipends Webinar

The National Endowment for the Humanities will hold a webinar on the Summer Stipend program on Wednesday, May 20, 2020 from 11 am to noon. No registration is necessary to [watch this presentation](#), which will be recorded and posted on the NEH Summer Stipends [website](#). The deadline for submission for this year is September 23, 2020.

Global Innovation Exchange COVID-19 Innovation Hub

Global Innovation Exchange, in partnership with USAID, DFAT and KOICA, has developed the [COVID-19 Innovation Hub](#) — a central database to celebrate, source and supply COVID-19 innovations across the globe. 750+ innovations are newly added, categorized across 12 COVID-19 response areas. The database also includes early visualizations of COVID-19 innovation data and trends have been created to help track the response to the virus.
